Life Raft Cradle – Flat type

STANDARD FLAT CRADLE FOR CONTAINERS OF LIFE RAFT 6 TO 25 PERSONS TYPE

The Standard Life raft Container Cradle allows you to secure your life raft container flat on deck. With this standard life raft cradle, you can attach the inflatable life raft from different makers (for up to 25 people) for flat deck mounting.

So your life raft is easily accessible and conveniently stowed away. This carbon steel cradle with powder coated (or hot dip galvanized) surface ensures that your life raft stays securely in place under all sailing conditions.

Material:

Main body: Carbon Steel.

Surface treatment: Powder coating or hot dip galvanized, up to stock availability.

Accessories:

STEEL ROPE, CLIP & TIGHTENING TURN BUCKLE. HRU is NOT inclusive, can be supplied upon request.

Important: This datasheet is subjected to change without notice.
